Belur Bridge on Yagachi river

The Dy Com^r of the Hassan District in his letter dated 12th Jan 1895 No 400 requested sanction to the payment of Rs 1500 to meet the cost of a pair of gold bangles presented to the contractor T. Ramachandra Row and to pay up the arrears due to him for work connected with the construction of the Bridge. In reply, ~~it was observed~~ in para 2 of Govt Pro dated 15th February 1895 No 12380-2 / L.J 258-93 that the full estimate for the work had been ordered to be paid from L. J. General; and that it was not clear why any further charge became necessary and that application for the excess must be submitted through the Chief Engineer, under whose orders the work was executed. The Chief Engineer having submitted the correspondence in regard to the presentation of bangles, ^ the excess charge

2. Draft 24/8/95

Refund of sums debited to the D. F. of Hassan on account of the Belur Bridge on Yagachi river

Memo

In their Pro. dated 9th May 1895, the D. F. Board of the Hassan Circle observed that although out of the grant of Rs 1,70,650 sanctioned from L. F. General, an actual expenditure of Rs 94,438 was incurred on the Belur Bridge leaving an unexpended balance of Rs 76 212 at the end of 1889-90, ~~and~~ it was not clear why a sum of Rs 63,300 was provided by the D. P. W in the Budgets for 1890-91 & 1891-92 on account of the work. And they resolved that needful steps be taken to get back the amount appropriated from D. F without the approval of the Board. The Dy Com

forwarded a copy of the above resolution and requested the Chief Engineer to get back Rs 63.300 from L. F. General and relieve the D. F. from the heavy debit which it could ill afford to stand in the face of so many other urgent demands upon it.

(2) While submitting the above claim for the orders of Govt. the Chief Engineer forwarded a statement showing the grants made from the D. F and L. F. General and the amounts debited to each on account of the bridge work. ~~and~~ From the statement it would appear that the amount actually debited to D F. was only Rs 47. 5 8 3 and not Rs 63,300 as mentioned by the Dy Comr.

(3) The books kept in the Excammer's office do not shew the amounts debeted to the D. F. of Hassan separately from L. F. General. The total sum charged on account of the work aggregates As 2.30.209 in 10 years commencing from 1886-87.

(1) Cost of work . . . As 1,86,600
(2) Establishments — 43,609
2,30,209

(4) Thereupon the Comptroller was requested to state whether the expenditure incurred in each year was debited wholly to the D. F. or partly to the D. F and partly to L. F. General and in the latter case to submit a statement shewing the amount actually debited in his accounts to

to the D. F of Hassan and L. F General in each year, quoting the authority in each case (Please see Pro 07/14/96 etc $\frac{11351-2}{L.F\ 258-93}$).

(5) The Comptroller in his letter dated 6th June 1896 etc 2190, states that the whole amount of expenditure As 2.30.735-9-10 was debited to D. F, as the total grant of As 1.82,463-5-4 made from L. F. General was credited to D F. and that the bridge work may therefore be taken to have been executed partly from D. F. and partly from L. F. General as shown below :—

Sir,

In forwarding the enclosed copy of letter No. 411 of 24th ultimo, from the Deputy Commissioner Hassan District and of its enclosure, I have the honor to inform you that the construction of the bridge across the Yagachi at Belur, was sanctioned in 1886-87 with an allotment of Rupees 10000 from the District Fund Budget. During the subsequent 3 years, Special grants amounting to Rs. 1,40,650 viz Rs. 1,39,000 for works and Rs. 1,650 for establishment were obtained from Local Fund General as grants-in-aid to the District Funds of the District as the latter had not sufficient funds at its credit. The expenditure during these years having however fallen short of the sums allotted the unexpended balances

balances were carried to the credit of District Funds, which were thus in a position to give the sums of Rs. 40,350 and Rs. 35,000 for expenditure during 1890/91 and 1892/93. Again in 1893/94, a special grant of Rs. 12,006 was sanctioned from Local Fund General to cover the expenditure incurred in that year. —

II. — From the statement, hereto attached, it will be seen that the special grants sanctioned by Government, from time to time from Local Fund General, aggregated Rs. 182,656, while the total outlay on the work (including establishment charges Rs. 43,609) amounted to Rs. 230209, so that the amount actually debited to District Funds was only Rs. 47,553, and not Rs. 63,300 as mentioned in the Deputy Commissioner's letter under reference. —

III. — The District Fund Board now ask for refund of the amount expended on this bridge from District Fund Budget, as they are apparently of opinion that funds for this work should be provided entirely from Local Fund General, thus relieving District Funds which they state "can ill-afford the heavy debit in the face of so many other urgent

Sir,

With reference to your letter No. 1536 dated 2d. April last pointing out that there is still a balance of Rupees 52,393 available from the Grant allotted for the Belur Bridge work from the Local Funds General, I have the honor to forward herewith copy of Resolution XI. of the Proceedings of the District Fund Board dated 9th. instant, from which you will please observe that 63,300 Rupees have to be written back from the District Funds to Local Funds General - thus showing the balance itself short by 11,093 Rs. adopting 52,393 as the remaining unexpended amount as quoted by you. The adjusted expenditure being 94,438 out of a Grant of 1,70,650 as stated in the Resolution, balance here computed stands at 76,212. Therefore presume that 76,212 - 52,393 = 23,819 represents the establishment charges to be yet debited in our accounts -

Under these circumstances, I beg you will be pleased to take needful steps to get the 63,300 Rupees written back from the District Funds
